

RISE AND FALL BENCHES

DESCRIPTION

The rise and fall tables are offered in both electric and manual versions and provide a fully adjustable working height for user comfort. Tables are built around 2 powder coated height adjustable central legs, with a 16swg 304 grade stainless steel top and 430 grade supporting framework. Complete with adjustable feet with stainless steel covers to allow for easy and hygienic cleaning, winding handle available to the left or right on manual versions.

Wall bench tops include a 50mm upstand to the rear with 50mm turndown to the front and sides. Centre tables tops include a 50mm turn down to all sides. Height adjustable from 650mm to 1200mm dependent on model.

Available in 3 models:

Standard Duty Manual Operation

Height Range 650 – 1100mm
Dynamic Load 30 – 40 kgs dependant on size
