

ROLLER DISH WASH TABLE SYSTEM

DESCRIPTION

The Stellex roller dish wash table system is modular in design and construction allowing you to tailor the layout to your specific requirements and for full flexibility. Manufactured from high quality 304 grade 1.5mm stainless steel, the units feature fully welded construction to maximise hygiene and bacteria control. Additional units can be added later as your requirements change and your business expands. All units are designed to work with standard 500x500 dishwash baskets.

FEATURES AND BENEFITS

Feature
