

SINK UNITS

DESCRIPTION

Sink Units are built around sturdy 30 x 30 stainless steel box section legs and framework, grade 430. Supplied with a heavy duty 1.5mm gauge stainless steel top, grade 304 and a 1.2mm gauge stainless steel undershelf, grade 430. The undershelf is fixed. Fitted with heavy duty 1.2mm deep drawn sink bowls seamlessly welded and polished into the tops, incorporating a sloped drainer where applicable with an anti drip edge around to contain any water.

Standard sink bowl size is 600 x 450 x 300mm deep; other sizes include 760 x 510 x 300mm and 500 x 400 x 300mm deep. Sink units are complete with a 50mm upstand and tile return to the rear, legs inset 100mm to rear for any pipework or services. Mounted on adjustable feet for easy levelling on site. Tops include 30mm diameter tap holes to fit most popular single and mixer taps. Specials available on request.

Other bowl sizes:

- 760 x 510 x 380
- 500 x 300 x 300
- 400 x 400 x 300 / 250

Double bowl sink unit
