

RABY HUNT

When a pub and restaurant is awarded not one but two Michelin Stars it has to be special. Such accolades are not handed out lightly and proprietor James Close clearly shares Stellex' view of pride, passion and perfection.

When a £400k kitchen upgrade was embarked upon, all of the fabrication work including highly specialist benches to match their cooking suite were undertaken to exacting standards by Stellex. This work was showcased in front of millions of TV viewers when BBC's MasterChef was filmed from The Raby Hunt kitchen.

Truly a master kitchen for a master chef.
